Curriculum Vitae

Personal Information

- Name   Yiwen Wang
- Date of Birth   Jan. 9, 1980
- Email   ywang@few.vu.nl

  yiwen_1980@hotmail.com
- Mobile Phone   (31) 0618 4240 07
- Address   Stationsplein 242, Room 311

  2312 AR, Leiden

  The Netherlands

Employment

- April 2003 – July 2004

Project Manager

WORKSOFT Creative Software Technology Co., Ltd., Localization Dept

www.worksoft.com.cn

Responsibility:

As the IBM & TREND MICRO Project Manager, I'm responsible for the Software, Multimedia Products and Website localization. The process includes the following 4 steps:

1. Evaluation & Analysis: Develop the scale and scope of the work, setting up a schedule, looking for the most efficient ways to do the job.
2. Project Preparation: Create standard kits that include all files, glossaries, style guidelines, and detailed translation information to distribute all translators.
3. Production Process: Keep the translation, review, Desk Top Publishing (DTP), and sampling QA in a parallel way. Ensure the quality and also shorten the time cycle.
4. Quality Control & Deliver: Monitor the product to make sure there are no bugs and deliver it to the customer before deadlines.

Key Localization Products:

1. IBM: Connection Manager, Informix Dynamic Server, Content Manager, Informix Server Administrator, CHIP Management System
2. TREND MICRO: OfficeScan5.5, InterScan Messaging Security Suite (IMSS) 5.15, InterScanNT, Control Manager Agent for ScanMail

- July. 2002 – Mar. 2003   **Software Engineer**

  BAOSIGHT Software Co., Ltd., Research and Development Center
  (CMM Level 3 Qualified)

  http://www.baosight.com

  Responsibility:
  System customization and implementation of software.

  Key Projects:
  1. E-Government Project for Shanghai Baoshan District using Java J2EE / Jsp / Servlet and Oracle. The project mainly provides Government Information (Government Affair Briefing, Administration Policy, Investment Guide), submits e-forms online and auto - search efficiently and safely.
  2. Equipment Item System Project for Shanghai No.1 Steel Co., Ltd. Develop and maintain the project work plan across all project phases; Monitor and assess the quality of project deliverables; Monitor compliance with technical and methodology processes and standards. And in technique, adopted the Three-Tier Architecture Design, independent of platform.
  3. Member of the CMM (Capability Maturity Model for Software) Level 3 evaluation project team. Responsible for policy and communication supported by the Process Improvement Asia (PIA) Ltd, (the consulting company provides CMM-based process improvement services and support to software development organizations in China with Software Engineering Institute (SEI) authorized Lead Assessors on staff).

- Nov. 2001 – May 2003   **Freelance Web Designer**
  1. Create and maintain web sites for Tianyi's Digital World, Foreign Correspondents Club in Shanghai, as well as the website of the Department of Computer Science & Technology in ECUST.
  2. Active member of the Shanghai Sohu Web Designer Associate.

- Sept. 1999 – Dec. 2000   **Teaching Assistant**

  Computing Centre, East China University of Science & Technology
  For the course "The Fundamentals of Computer" for non computer majored students. Helped the students with the network systems and the problems encountered in their assignments. Graded the homework and exams.
