Inge Bethke: now

- Teaching interests:
  - Logic (BA)
  - Proces theory (BA)
  - Specification theory (BA)
  - Automata theory (BA)
  - Formal languages (BA)
- Research interests: Theory of programming
  - Process algebra
  - Program and thread algebra
  - Models of computation
  - Proposition algebra + Short-circuit logics

Inge Bethke: then

- Teaching interests:
    - Theory of programming (BA + MA)
- Research interests:
    - Theory development and tool support for
        - Models of computation
        - Algebraic theory of programming
