

# Anthony van Inge: now

- Teaching interests:
  - Computer Architectures & Organization (Ba)
  - Net-Centric Computing (Ba)
    - Ad Hoc networks (wireless)
    - Real-time Systems
  - Autonomous Mobile Systems & Image Processing (Ba)
- Research interests:
  - Parallel Processing & Architectures
  - Autonomous Systems & Image Processing

# Anthony van Inge: then

- Teaching interests:
  - Parallel Computer Architectures & Organization
  - Net-Centric Computing
    - Large-Scale Ad Hoc networks (wireless)
    - Big data
  - Autonomous Mobile Systems (Ma)
- Research interests:
  - Large-scale (wireless) distributed processing
  - Aerial Ubiquitous & Pervasive Computing
    - Energy Efficiency & Big data
  - Autonomous Swarming
